## Kit MQ-WK10

MULTIQUAD®

This 6' wide MultiQuad® table top unit is designed to fit either a 6' or 8' table. The center 1 x 2 module provides support for the 1 x 2 thin wall frame wings left and right. The stepped design brings depth into a traditionally inline table top presentation. The front face and stepped side are covered with magnetically attached digital graphic Quads. Clamp-on LED lighting provides illumination.

No tools required and Build By Numbers™ instruction make for easy assembly. Shipping can be done UPS or FedEx in molded wheeled shipping case.

### FEATURES

MultiQuad® lifetime hardware warranty

Lightweight aluminum framework is easy to assemble

46" high frames create a full height display presence in conjunction with the table yet is more compact than a floor model

Digitally printed magnetic Quads are easy to install or swapped out as branding needs change

Clamp-on LED lighting provides spotlight on marketing messages

Fits 6' or 8' table top

Ships via UPS or FedEx
