

**MultiQuad®**  
The Last Exhibit You'll Ever Buy

## Kit MQ-WK20

MULTIQUAD®

This MultiQuad® exhibit is designed to fit into a 10 x 10 booth space. Lightweight aluminum framing utilizes the Build by Numbers™ assembly system, so no tools are required. The back wall features (6) down lighted showcase units built into the wall at mid-height, the stepped forward right section allows for branding images and is spotlighted with (2) LED wave lights. The magnetically attached Quad coverings can be any color, image or graphic and are easily changed out. The 23" square 40" high front podium unit offers storage (by removing a Quad) and branding opportunities on all four sides. The unit ships in rotationally molded wheeled cases that can ship UPS or FedEx.

### FEATURES

Lightweight framework requires no tools for assembly - Lifetime frame warranty

6 LED lighted showcases, 2 LED lights at stepped panel

Magnetically attached Quads are easy to install or change out

Quads cover front, sided and podium all 4 sides

Stepped design creates depth

Freestanding podium has branding and offers storage
