

**MultiQuad®**  
The Last Exhibit You'll Ever Buy

## Kit MQ-WK30

MULTIQUAD®

This MultiQuad® portable display system is designed to fill a 10 x 40 inline exhibit space. The unit easily reconfigures into smaller sized applications. The lightweight aluminum modules are easy to assemble without tools using the Build By Numbers™ system. The display features the ability to house (4) 42" monitors flush mounted using media mounts across the face. It uses (6) 23" square podium units that can be used freestanding or against the back wall. The magnetically attached Quads on all front faces and returns and all sides of the podiums are easily changed around and can be printed with any color, branding, or image. Across the back wall is a canopy system with LED downlighting. This unit ships in a traditional trade show crate (ships common carrier).

### FEATURES

- Lightweight aluminum framework requires no tools for assembly
- Lifetime warranty on framework
- Mediamount allows for up to (4) 42" flush mounted monitors
- Canopies with LED downlighting provide lighting
- Backwall podiums can be relocated as needed
- Magnetically attached double Quads reduce assembly time
- Can be reconfigured into smaller sizes
- Ships common carrier in traditional trade show crate
