

Kit TH-WK24

THREADS™

This Threads™ kit is designed to fit within a 10 x 10 exhibit space. The (5) 23" wide lightweight aluminum framed elements are easily assembled using the Build By Numbers system. Each four-sided element has a dye-sub fabric covering that uses a hook and loop attachment and zipper closure. Elements can be spun, angled, stepped, or reconfigured to create a variety of designs and branding opportunities. The unit ships in rotationally cast wheeled shipping cases that can transport via UPS or FedEx.

FEATURES

Lightweight aluminum framework that requires no tools

Lifetime frame warranty

High impact dye-sub fabric graphic on all four sides of each element

Graphic panels easily attach using hook and loop with zippered enclosure

Elements are easily reconfigured

Ships UPS or FedEx in molded wheeled shipping cases
