MULTIQUAD®

This MultiQuad® island exhibit is designed to fit into a 20 x 20 floor space. It features a lightweight aluminum framework that assembles without tools, a 12' high main back wall with forward facing walk-under bridge, and a support pylon. (2) freestanding full height 23" front kiosk units are backlit on the forward face. There are (2) sets of free standing double podiums. All visible surfaces are covered with magnetically attached high impact graphic Quads (or rollable backlit panels). All frame work is covered by a lifetime warranty and is assembled using the Build By Numbers™ system. This unit packs compactly and ships via a traditional trade show crate via common carrier.
