

Kit RV-WK42

REVERB™

This Reverb™ portable SEG backlit display system is designed to fit into a 10 x 20 inline exhibit space. It can be split into (2) 10 x 10s for separate use. The lightweight expanding aluminum framework with lifetime warranty sets up without tools. Angled units create depth and are visually interesting. The LED plug and play light curtain provides a bright even source for lighting the SEG fabric graphics on the front face, side panels are SEG non lit fabric graphics. Monitor system for right hand unit and (2) freestanding backlit Reverb podiums units. Units ship in wheeled soft-sided carry bags that can transport via UPS or FedEx - optional molded wheeled cases are available.

FEATURES

- Lightweight expanding aluminum framework with lifetime warranty
- Easy to use and install LED light curtains (back wall and podium)
- Vibrant SEG dye-sub fabric backlit graphic on front faces of back wall and podiums
- Rear block-out / reflector panels included
- Unit sets up quickly without tools
