MultiQuad®
The Last Exhibit You'll Ever Buy

Kit MQ-WK43

MULTIQUAD®

This MultiQuad® portable display is designed to fit into a 10 x 10 inline exhibit space. The lightweight aluminum framework, with lifetime warranty, requires no tools for set up and uses the Build By Numbers™ assembly system to make things easy. The back wall features two recessed downlit showcase areas for product display, while the mid-height counter across the back wall does the same. The unit uses double Quads in a vertical pattern to create a larger visible graphic area. All front faces and visible sides are covered with Quads. The freestanding L-shaped podium also provides a product display or meet & greet area. Storage can be found inside each frame by simply removing a Quad. Unit ships in molded wheeled SC50 shipping cases that can transport via UPS or FedEx.

FEATURES

Lightweight no tools required framework with lifetime warranty

Magnetically attached Quads with any graphic, color, or faux finish

Downlit recessed product showcases

Easily reconfigures or can be added to

Freestanding podiums - store within (same for back wall)
