

## Kit VM-WK44

VOOM™

This Voom™ lightweight expanding frame portable display is designed for use in a 10 x 20 inline exhibit space application. The stepped back wall design creates visual appeal, while the (2) freestanding podium units provide a product demo or meet & greet area within the booth space. This Voom™ unit requires no tools to set up and each module is covered front face and sides with a dye-sub printed fabric high impact graphic that uses a hook and loop attachment to the framework. This unit can be split into (2) 10 x 10 display units. The unit ships in wheeled carry bags (molded wheeled cases are an option).

### FEATURES

Lightweight expanding framework with lifetime warranty

No tools required quick and easy set up

High impact dye-sub fabric graphics are easily changed out

Can be used as (2) 10' displays

Freestanding podiums with internal storage shelf

Soft-side wheeled carry bag can ship UPS or FedEx (wheeled molded cases are optional)
