Kit MQ-WK47

MULTIQUAD®

This MultiQuad® modular display system is designed to be used in a 10 x 30 inline configuration (can also be used as 10 x 20 and 10 x 10). The lightweight aluminum framework requires no tools for set up and uses the Build By Numbers™ assembly system. The back wall features a stacked three showcase unit, the ability to house (2) 42" flush mounted monitors, downlights canopy section, high impact magnetically attached printed Quads (on all visible fronts and sides), and forward wings to create seating and privacy. The freestanding front counter provides demonstration or meet & greet while creating a semi private conference area behind. Storage can be had within any frame of the counter or back wall by removing a Quad. This unit ships common carrier in a traditional wooden trade show crate (optional UPS / FedEx cases are available).

FEATURES

- Lightweight aluminum no tools required framework / assembly
- Lifetime warranty on framework
- Magnetically attached high impact printed Quads are easily changed
- MediaMounts accept upto a 42" monitor (not included)
- Qualified for Redeem For Green program
- Easily reconfigured into other sizes
- Ships in traditional trade show crate (molded wheeled cases optional)
