

MultiQuad®
The Last Exhibit You'll Ever Buy

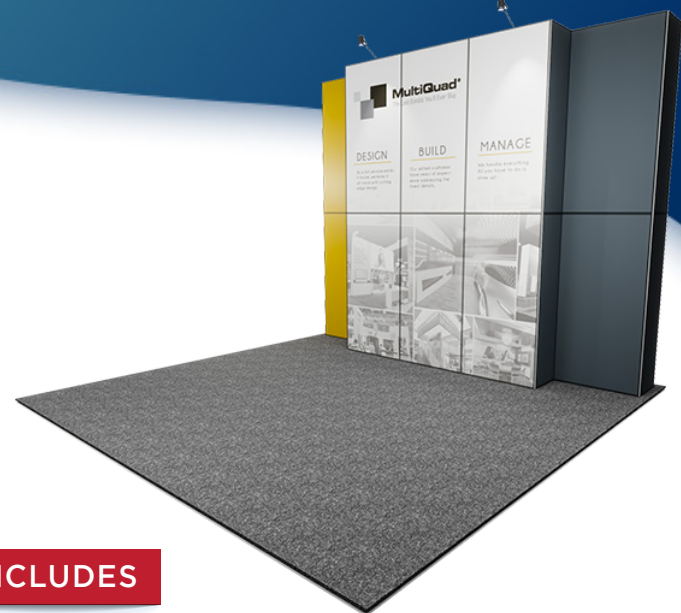

Kit MQ-WK57

MULTIQUAD®

This MultiQuad® lightweight modular system is designed to fit into a 10 x 10 exhibit space. The aluminum framework with lifetime warranty assembles easily using the Build By Numbers™ assembly system with no tools required. The stepped design creates dimension and interest as sides provide additional graphic area. The magnetically attached Quads cover all front and sides and are printed in your choice of high impact graphic, color, or faux finish. Quads are easily repositioned or changed out as marketing messages change. The unit uses elegant stem lights to highlight your images. The unit ships in molded wheeled shipping cases that can transport via FedEx or UPS (option for a small crate).

FEATURES

- No tools required Build By Numbers set up
- Lifetime warranty on framework
- Can be added to for larger configurations
- Magnetically attached Quads are easy to install or change
- Storage available within any frame by removing a Quad
- Molded wheeled shipping cases can ship FedEx or UPS
