

MultiQuad®
The Last Exhibit You'll Ever Buy

Kit MQ-WK64

MULTIQUAD®

This MultiQuad® modular display is designed to fit within a 10 x 10 exhibit space. The lightweight aluminum framework is backed by a lifetime warranty and requires no tools for assembly using the Build By Numbers™ system. This unit features a double wide showcase with downlighting in the back wall along with the ability to house up to a 46" flush mount monitor (not included). The stepped design creates visual excitement and interest. To the right is a thin-wall section that helps separate from the neighboring exhibit while providing branding opportunities. All front and side areas that are visible are covered with magnetically attached Quads that are printed any color, graphic, message, or faux finish desired. Out front is a free standing podium unit with downlit open showcase for product display. All components pack down into molded wheeled cases for shipping FedEx or UPS.
