

## Kit SL-WK68

### SILHOUETTE™

This ultra lightweight Silhouette™ display consists of (3) 3' full height modules that are designed to be used in a 10 x 10 booth space. The tubular aluminum framework requires no tools for assembly using the Build By Numbers™ set up system. The front face is a dye-sub fabric printed pillowcase style graphic panel that easily slips over the framework and is stretched tight by the zippered closure at the bottom. Each frame comes with a set of stabilizing feet and can be used together or individually. The unit is easily transported or shipped FedEx or UPS in a soft-sided wheeled carry duffel (molded wheeled hard case is optional).
