

Kit HL-WK19

H-LINE

This h-line dye-sub silicone edged graphic fabric system is designed to fit into a 10 x 10 booth space. The system features an easy to assemble aluminum framework as a back wall and a convex arched forward graphic center section that helps create depth and dimension (and perhaps some storage) to this lightweight graphic backwall. SEG graphic images are easily changed out. Lighting is provided by (3) LED wall washer clip ons. Unit ships in a small traditional wooden crate.

FEATURES

- Full sized lightweight aluminum framework with lifetime guarantee
- Dye-Sub SEG fabric graphics for all panels
- LED down lighting source
- Flat back wall with convex arched forward panel creates depth
- Easily no tools required assembly
- Full size modules ship common carrier in a traditional trade show crate
