

Kit HL-WK35

H-LINE

This h-line lightweight modular system is designed to fit a 10 x 10 inline space. The full height aluminum framework modules are easily assembled using the Build by Numbers identification system and require no tools. The framework is enhanced by high impact SEG dye-sub fabric graphics that can ship on the frame and are easily changed out. This unit includes a storage area with a door at the left, graphics / images across each visible frame and LED stem lighting to illuminate the back wall. The full sized components ship via common carrier in a traditional jugged crate.

FEATURES

- Lightweight aluminum framework with lifetime guarantee
- Vibrant SEG dye-sub fabric graphics
- Storage area with door
- LED stem lighting
- No tools required quick assembly
- Jigged trade show crate for common carrier shipping
