

MultiQuad®
The Last Exhibit You'll Ever Buy

Kit MQ-WK92

MULTIQUAD®

This MultiQuad® modular system is designed to fit within a 10 x 20 inline booth space. The lightweight aluminum framework assembles without the need for tools using the Build By Numbers™ set up system. All visible faces of the unit are covered with magnetically attached Quads that are printed in color, graphic, text, or faux finish. Quads install easily, can be reconfigured, or changed out as marketing messages change or evolve. The back wall has the ability to take up to a 42" flush mounted monitor. At the center of the booth an overhead canopy provides LED downlighting. Storage can be had behind any quad within the framework. Out front there is an L-shaped podium height meet and greet as well as a demo / display counter height unit with open showcase that is downlit. The unit is designed to ship UPS or FedEx in molded wheeled shipping cases.

FEATURES

- Lifetime warranty on framework
- Assembles without tools
- Quads are easy to install, change out or reconfigure
- Easy to reconfigure to other sizes
- Storage being any Quad in back wall or podiums
