MULTIQUAD®

This MultiQuad® lightweight modular display system is designed to work within a 20 x 20 island display configuration and requires no tools for set up. The two opposing walls with bridge connection each feature a bank of display podiums on both sides as well as a bank of see-through downlit showcases for product display and reach 12' high. A third monolith allows for additional branding at 12' height and creates a semi private conference area. The entire visible surface is covered by magnetically attached Quads that are easily relocated or changed out. Quads can be any color, graphic, text, or faux finish providing for any look and feel needed. The framework is backed by a lifetime warranty. The lightweight components are all prepackaged by frame size and ship in a traditional trade show crate.
