

h-line

Kit HL-WK91

H-LINE

This h-line lightweight modular kit is designed to fit within a 10 x 20 inline exhibit space. The full sized modules with SEG dye-sub fabric graphics require no tools for assembly and use the Build By Numbers™ assembly system for easy set up. Framework carries a lifetime warranty. The unit features a graphic backwall with storage as well as built in shelving with forward return walls that drop to half height near the aisle. A freestanding podium counter allows for meet and greet. LED stem lights illuminate the backwall. Frames with high impact dye-sub fabric graphics ship full height in a traditional slotted crate via common carrier.

FEATURES

Lightweight aluminum framework reduces shipping and drayage costs

No tools required assembly

Lifetime framework warranty

High impact dye-sub SEG graphics can travel on the frame and are easily changed out

Can be reconfigured or added to

Components ship via common carrier in slotted traditional trade show crates
