

h-line

KIT HL-WK63

20 X 30

This h-line modular aluminum system with dye-sub fabric graphics is designed to fit into a 20 x 30 exhibit space. It features a series of tiered kiosks with tie in roof structure. These tiered pylons have the provisions for (4) monitor screens as well as shelving and small meeting desks out front. At the forefront is a meet & greet counter area while at the very back is a large freestanding branding monolith (with LED stem lighting) to help get the marketing message up in the air almost 16' which creates a conference area for meetings or presentations. The lightweight aluminum framework with lifetime warranty uses an SEG fabric dye-sub graphic that is easily installed without the need for tools using the Build-By-Numbers™ assembly system.

FEATURES

Lightweight aluminum framework with lifetime warranty.

No tools required assembly.

Dye-Sub SEG graphics are easily installed.

Unit can be reconfigured to use in smaller sized booth spaces.

Up to (4) monitors (not included)

Ships in traditional slotted trade show crate.
